Our coverage helps offer financial support if you are diagnosed with a covered critical illness. With the expense of treatment often so high, seeking the treatment you need seems like a heavy financial burden. But when a diagnosis occurs, what you should be focusing on is getting better. With Allstate Benefits, you gain the power to take control of your health when faced with a covered event.

Here's How It Works

You select the benefit coverage amount you want based on your individual need and your budget. If you have covered family members, our coverage also provides cash benefits for them. Then, if diagnosed with a covered critical illness, you will receive a cash benefit based on the percentage payable for the condition.

With Allstate Benefits, you gain the power to make treatment decisions without putting your finances at risk.

Are you in Good Hands? You can be.
